

## Experience

### **Vocational Consultant / Rehabilitation Counselor**

Brice is a Certified Disability Management Specialist (“CDMS”) and has provided a broad range of vocational rehabilitation-related services to employers and workers in a variety of industries. Services included job analyses, labor market surveys, case management tasks, transferable skills analyses, and development of retraining plans.

- Prepared vocational assessments and provided opinions regarding workers’ ability to return-to-work based upon criteria outlined by the Department of Labor & Industries. Performed client interviews and evaluations. Obtained information related to workers’ physical abilities. Administered vocational-related testing.
- Completed more than 200 job analyses, including job analyses for an entire manufacturing/production plant (75+ job analyses). Visited employer site to gather and analyze physical demands of specific jobs. Conducted worker and supervisor interviews to gather information for analyses. Prepared reports summarizing findings.
